

BOUND WITH ROPE, HE IS RUSHED TO PRISON IN AUTO

Long Island Suspect Handled
With Despatch by His
Wealthy Captor.

FOUGHT WITH A KNIFE.

Supposed Wire Thief Knocked
Down by Howard Dietz
and Carried Off in Car.

HEMPSTEAD, L. I., Jan. 29.—Howard Dietz, a wealthy resident, whose country seat is a short distance from this village, distinguished himself last night by capturing an alleged wire thief. Mr. Dietz and his chauffeur were on their way home in an automobile when they came across two men who they saw were busily engaged in cutting up wire that had been cut from telephone poles.

Dietz ordered his chauffeur to stop the machine and both men sprang out and made for the rear. One of the later men for the woods nearby, and although the chauffeur gave chase managed to get away. The other showed fight as Dietz attempted to capture him, but Dietz, who is of athletic build, knocked him down with a fist blow. The fellow, however, was soon again on his feet, ready for a second attack. At this time the chauffeur returned and the man was overpowered.

The suspect drew a long-bladed knife during the fight and slashed at the chauffeur's hand. The latter, although bleeding, disarmed the fellow and with the help of the chauffeur soon had him at his mercy.

The prisoner was bound hand and foot with a rope that Mr. Dietz had in his auto and was then carried into the machine and brought to Hempstead.

He was arraigned before Justice Gittens to-day and committed to the county jail at Mineola pending a hearing on Saturday. He gave his name as Lingo Mairana, but would give no more information about himself.

Constable George Smith, on the trail of the man who escaped and expects to get him soon.

About 100 feet of wire had been cut from the poles.

CURRENCY BILL AMENDED, RAISES NOTE ISSUE LIMIT

Aldrich Measure Reported in
Senate, Fixes Figure at
\$500,000,000.

WASHINGTON, Jan. 30.—The Aldrich financial bill, which has been in the hands of the Committee on Finance since its introduction in the Senate on Jan. 7, was reported to-day by Senator Aldrich. The various amendments

which have been published from time to time appear in the bill, although in general character the measure remains the same as when introduced. There has been an effort on the part of the committee to emphasize the emergency nature of the act that is proposed and to this end various amendments are inserted in the bill which are intended to cause speedy issuance of additional currency when a stringency occurs. The following amendment is inserted in the first section of the bill in lieu of the provision which gave the Controller of the Currency power to fix the time and amount of issues, when application is made, according to his judgment and at his convenience. The amendment is as follows: "The Controller of the Currency shall transmit immediately the application, with his recommendation, to the Secretary of the Treasury, who shall, in his judgment, business conditions in the locality demand additional currency, approve the application and shall determine the time and amount of the issue, which the Controller of the Currency is authorized to issue, after imposition of the additional notes to be issued."

The clause of the original bill fixing 75 per cent. of the market value of all municipal and railway bonds as the limit of the issue of notes against them has been amended so that railroad bonds alone are to be taken at 75 per cent. of their market value. Notes may be issued against deposits of municipal and county bonds up to 90 per cent. of their market value.

The limit of circulating notes that may be issued under the act has been raised from \$250,000,000 to \$500,000,000. There is an amendment making it the duty of the Secretary of the Treasury to obtain information with reference to the value and character of the municipal and railway securities authorized to be accepted under the provisions of the act, and he is required from time to time to furnish information to the Senate and the House of Representatives as to the amount of notes issued and the amount of bonds accepted as security.

The bill as reported there is no mention of the reserves of banks located outside of reserve or central cities. In the original bill it was required that they should hereafter hold at all times at least two-thirds of their reserves in gold, silver and other coin, and specifically provided that all notes and orders of the Controller of the Currency and the Treasurer of the United States authorized by the act shall be approved by the Secretary of the Treasury.

"After being given up by three doctors I was advised by one of the physicians of the hospital to consult Dr. Anderson, whose successful cures of tuberculosis and other lung troubles are known to all. I had a dreadful cough, hemorrhages, pain in the chest, chills, fever and night sweats, lost flesh, strength and appetite, and had all the terrible symptoms of tuberculosis of the lungs. Finally I applied to Dr. Anderson, and by his wonderful X-light he looked into my chest and saw that the right lung was seriously affected and had a cavity in the upper part of it.

"After a three months' course of Dr. Anderson's treatment, supplemented with the use of his germicidal and Healing Vapors, together with application of Dr. Anderson's Vibratory Treatment, I was cured absolutely, and within three months of time.

"I began to improve from the very first treatment, and am now well and entirely relieved from all the above symptoms. I shall always be exceedingly grateful to Dr. Anderson, who located and correctly diagnosed my disease and cured me of tuberculosis of the lungs." (Name and address furnished for reference.)

By means of special attachments of his own Dr. Anderson is able to throw the Light into the back and upper chambers of the throat and nose, and can instantly detect any obstruction, inflammation or other cause for Catarrh of the Nose, Throat or Throat.

Do not waste valuable time with those who have failed to correctly diagnose and understand your case. See you, but call or write and investigate for yourself.

If suffering from any of the unpleasant results from a cold or if you have any symptoms of Catarrh, Hay Fever, Asthma, Bronchitis or Tuberculosis, heed the warning and consult Dr. Anderson at once. He gives office consultation and examination without charge.

Dr. Anderson's office is located at No. 50 West 22d St. (between 5th and 6th Aves.) New York. Hours: Daily, 10 to 4 (Sundays, 11 to 2). Monday, Wednesday and Friday evenings till 8 o'clock.
